radiant heater,
Vario valance

Portofino Interior type

Zip awning for glass roofs and conservatories

*When the sun is low in the sky, the optional **Vario valance** offers a sunshade and privacy screen that can be adjusted as required.*

*Options for mood lighting:
an **LED strip** integrated into the cassette
and an **LED profile** that can be positioned
below the guide tracks.*

Smooth fabric and complete protection from the sun thanks to tracks with a lateral zip guide and patented balance spring technology

Perfect wall-to-wall shade for glass roofs and conservatories with no intrusive light slits at the sides – that is what the Portofino interior awning offers. The closed zip guide of the awning with patented balance spring technology ensures that the awning is always taut. Options such as radio remote control, LED lighting and a Vario valance provide added convenience and enhanced comfort.

Fabric guide **ZIP**

The track systems, which have received recognition with the GDA Aluminium Profile Award, are equipped with a zip guide and patented balance spring technology. These ensure a taut sit of the fabric and complete shade from the sun.
