

LOOK TOSCANA

Full cassette awning

*"Sun, air and light -
even my feet
are smiling!"*

*Just
enjoy life!*

Lewens
MARKISEN

"Time for me at last!"

The planter boxes have been watered, the apple spritzer's cold. Now let the summer show what it can do! And when the evening sun sinks lower, I just extend the awning a little further.

Toscana's elegant design and many refined technical features put it in a class of its own.

With a maximum width of 550 cm and maximum drop of 300 cm, the TOSCANA is the perfect awning for patios and balconies. Choose from our many awning fabrics and our extensive range of frame colours to bring the atmosphere of the south to your balcony or patio. *

Due to the special design of the TOSCANA, a larger **pitch angle** can be set during assembly:

Attachment / drive	Motor drive	Crank drive
Fitted to the wall or ceiling	5 - 80°	5 - 45°

The ideal solution if you want both privacy and protection from the sun.

* Please refer to technical data in the current Lewens price list for possible dimensions and restrictions and for the complete list of electronic accessories.

FULL CASSETTE

Fitted to a ceiling, roof projection or balcony, the 13 cm high **cassette** provides all-round protection for the awning fabric and conveys a harmonious impression. Hinged arms with an extremely high spring tension ensure a taut sit of the fabric. A plastic sleeve in the **central hinged arm joints** prevents soiling and corrosion of the double cables and increases their service life.

The extremely **high spring tension** of the **hinged arms** guarantees a superbly taut sit of the fabric

Consoles

Technical details

- ▶ The TOSCANA is attached to the wall or ceiling by means of two external **consoles**. To make fitting easier, the consoles can be moved sideways to permit variable attachment (see illustration).
- ▶ The **fabric cover shell** offers an elegant solution for concealing the fabric roller.

Fabric cover shell.

For even greater comfort you can equip your TOSCANA with:

- ▶ **Radio remote control**
- ▶ **Automatic weather monitoring ***
- ▶ **LED lighting strip**
- ▶ **Support legs**
