Micro 100 – drop-arm awning

Airy sunshade with a view

Drop-arm awning

The pitch angle of this awning varies according to its extended position, creating a flexible sunshade for windows and balconies.

- Width max. 700 cm, drop max. 175 cm
- Cassette flush with wall
- Electric motor
- Awning fabric: acrylic (*standard*), polyester, Soltis 92, screen fabric (*option*)
- Options: radio motor/radio remote control, automatic weather sensor

90° type

With a pitch angle of up to 90°, the Micro 100 creates optimal shade inside while affording a view of the outside.

135° type

Virtually a vertical awning: with a pitch angle of up to 135°, the Micro 100 turns into a close-fitting window blind.

The Micro 100 drop-arm awning was designed especially for windows and balconies. It offers flexible protection from the sun and heat while providing ventilation as well as a view of the outside. It also provides shade and protection for window boxes. Available optionally with a pitch angle of up to 90° or 135°.

Optimal protection for fabric and mechanism:
cassette height of just 13 cm.

High-grade pneumatic springs
ensure good fabric tensioning
in any extended position.

Micro 100
