Screen

RS Universal

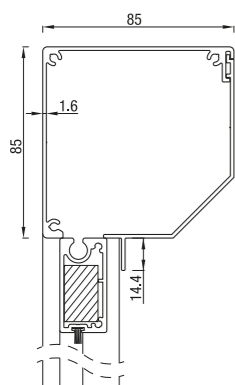

Som navnet antyder, er RS Universal en unik modell. Med Universal finnes det et stort utvalg av muligheter. I tillegg er det mulig å få den levert med en gjennomsiktig klar PVC-folie, noe som gjør screenen enda mer attraktiv. De doble UTG-styreskinnene og et stort utvalg av kassettformer og størrelser gjør Universal til en av de mest valgte modellene med ZIP. Universal kan leveres med gjennomsiktig PVC-folie (vindu) opptil 5 x 3m.
